

Upcoming Workshops

Webinar - Endowment Workplan Refresher

This webinar will provide an overview of the Endowment Workplan which is based on the logic model methodology. It is designed for those with some familiarity with the logic model who wish to better understand how it is applied to the Endowment Workplan. . The webinar will cover the components of the Endowment Workplan/logic model and how to develop outcomes and an outcome evaluation plan for Endowment-funded projects.

Presenter: Karen Horsch, evaluation consultant to the Endowment for Health.

Date & Time: Wednesday, December 2, 2009; 10 to 11 am

Register: <https://www2.gotomeeting.com/register/376603995>

Enhancing Program Performance with Logic Models

Logic models focus on outcomes. They are a tool increasingly used by organizations to plan, manage and evaluate projects. All Endowment for Health proposals currently require a workplan based on the Logic Model. Learn the basics of logic models in this training and how they can be applied in your program. In this workshop you'll learn more about:

- The broad definition of a logic model
- Developing a logic model specifically for EH-funded projects
- Using a logic model for project planning, management and evaluation

Presenter: Karen Horsch, evaluation consultant to the Endowment for Health.

Date & Time: Wednesday, March 3, 2010; 10 to Noon

Location: Endowment for Health Office, 14 South Street, Concord, NH

RSVP: Contact Peg LePage PLepage@endowmentforhealth.org or 603-228-2448
