Who We Are: History and Background

2008: $50M endowed by Tufts Health Plan
  *Focus - Healthy Aging for 60+
2010: Began investing in Rhode Island
2014: *Released MA Healthy Aging Data Report on all 367 cities and towns
  *Hired new leader
2015: *Refocused on age-friendly communities
  *Updated MA Data Report with 121 health indicators
To Date:
  *Invested $18M in MA and RI communities; Soon to expand to NH
  *Five statewide convenings on aging-related issues
  *Support Corporate Citizenship for Plan
Context for our Work—Principles of Engagement

- Stronger links to the business
- Strategic community collaborations
- Defining community impact
- Leveraging resources
Context for our Work—What We Want to Do

Mission:
To improve the health and wellness of the diverse communities we serve

Vision
Every life improved and community strengthened through investments of time and resources

Goal
We move communities toward achieving age-friendly policies and practices that are relevant, focus on the most vulnerable, and include older adults in the process
Context for our Work—Focus for Investments

**Systems & Best Practices**

- Health and Wellness
- Workforce development
- Purposeful engagement
- Field and capacity building

**Policy & Advocacy**

- Community and civic engagement
- Access

**President’s Leadership Fund**
